Dear Ken, and I want to thank you for the hospitality extended to us during our visit on 4 May. We found the trip most enjoyable and informative. Thanks, also, for arranging our hotel reservations. They were excellent. I feel that your microwave drying equipment has considerable potential in photographic film and paper drying. We plan to keep abreast of the work planned by other organizations in the USAF. Our own requirements are not defined well enough at the present time for us to engage in the development of drying equipment. Our trip to Ottawa was also quite informative and we thank you for arranging the visit. Sincerely,		Logistical Support Group Headquarters Command, USAF Bolling Air Force Base P. O.
